## Charlestown High School Voted “Cleanest School!”

On December 13, 2022, our Service Management Systems, Inc. (SMS) Housekeeping and Maintenance Teams at Charlestown High School were asked to attend the school’s basketball games. During the break between games, our SMS teams were honored for their hard work and dedication to providing quality service to the school. During the recognition ceremony, they were also notified that Charlestown High School was also voted “Cleanest School” out of all the schools in the Greater Clark County Schools area.

Both the SMS Housekeeping and Maintenance Teams embody our core values and commitment to doing “Whatever it Takes!” in support of our customers. We are extremely humbled and impressed by their dedication.
